Treating Our Course and Fellow Members with Respect:

- As a Member you have invested in Segregansett Country and we need every Member to help us protect and improve our investment.
- Please Fix and Repair Ball Marks / Divots / Place Garbage in Receptables / Rake Bunkers completely.
- In 2022 and 2023 your Club has invested heavily in improving our Bunkers. NO ONE should walk on the Face (front) of a Trap! Exit traps from the Rear or low point. Avoid newly mulched areas around traps to the extent they are marked.
- Avoid walking or playing from roped areas or ground under repair.
- At Segregansett CC we are proud of our sub-4 hour rounds and producing a reasonable pace of play for our Members.
- Be aware of your position on the Golf Course and your pace to the group in front of you, or behind you! Report slow play to the Pro Shop and we urge Members to allow our Pro Shop staff to address Slow Play issues!
- Simply, slow play is not optional and once warned, you will be expected to correct the problem.
- 5-Somes are not allowed on the Golf Course at any time unless the Golf Professional (based on play levels that day) has approved a Fivesome.

- Speaking of respecting your fellow Member, we stress the most basic tenant of Golf that relates to fair play and honesty. Every member is expected to post every score / every time you play / correctly through the MGA app on your phone. The Pro Shop or Golf Committee can assist if you have questions about using the app that is the basis for your Handicap. But please understand, we will have little patience for anyone in our Seggy Community not playing by the Rules!

Using the Range:

- Check with the Pro Shop for Range Operating Hours. The range closes every Sunday at 4PM for pick and clean.
- Dress Code for the Range (and Putting Green) is the same as the on-Course Dress Code.
- Carts are generally available for use to and from the range until 6PM Mon -Sat. Cars should not be driven to or parked at the range.
- Please observe the defined areas to hit from and return baskets to the Ball Shed.
- To the extent possible.....aim away from the woods!

Our Staff is our Most Important Resource:

- Whether Course Maintenance / Pro Shop / Clubhouse Wait Staff or Administrative Staff we treat every employee with courtesy and respect and there is no circumstance that a Member should ever violate this requirement.
- If you have an issue, or problem, or you are dissatisfied in any way please elevate your concern to a supervisor on duty or a BOG Member.
- It is particularly important in our Clubhouse, Bar and Deck that you respect our staff (many who are young women) PLUS our Members themselves and refrain from loud and offensive language. It will not be tolerated! Any action that is even remotely close to being defined as sexual harassment will be cause for suspension from the Club. We have a Zero Tolerance sexual harassment policy.
